**Subject:** Presentation on the City’s 2021-2029 Housing Element Update

Since 1969, California has required that all local governments properly plan to meet the housing needs of everyone in their community through the California Housing Element law. This law requires an update every eight years.

Lynwood has been assigned 1,558 units of housing at a variety of affordability levels under this new Housing Element cycle, and must demonstrate that it has the capacity for these units. This year, the update is required to be adopted by the City Council and submitted to the California Department of Housing and Community Development for approval by fall 2021.

The City of Lynwood has completed its draft update to the Housing Element. Persons interested in reviewing this draft document may do so by visiting the City’s website at [http://lynwood.ca.us/development\\_compliance\\_enforcement\\_services/2021-2029-housing-element-resources/](http://lynwood.ca.us/development_compliance_enforcement_services/2021-2029-housing-element-resources/). The City welcomes input from the community, housing stakeholders, and service providers on Lynwood’s draft 2021 – 2029 Housing Element. Comments will be accepted from July 22, 2021 through August 5, 2021. Please submit your comments via email to [albertgeorgearmijo@gmail.com](mailto:albertgeorgearmijo@gmail.com) or [mramirez@lynwood.ca.us](mailto:mramirez@lynwood.ca.us).
